Scrap generated, collected, and prepared for processing in the United States is considered domestic. (i) Is wholly the growth, product, or manufacture of Morocco; or

(i) Is wholly the growth, product, or manufacture of Panama; or

(ii) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in Panama into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. purchases of supplies produced in the other country or services performed by sources of the other country, and the memorandum or agreement complies, where applicable, with the requirements of section 36 of the Arms Export Control Act (22 U.S.C. 2776) and with 10 U.S.C. 2457.
